CRIMSON CIRCLE

Tobias, December 6, 2008

The job of the Human Angel Assistants is to help to maintain a balance of consciousness and energy, help to maintain the golden cord for the humans on Earth so they don't get completely lost, so that there is always the angelic presence surrounding them, so that they know that they are never alone and that they are truly loved, because without the presence of a guardian angel or angel assistant most humans would find it excruciatingly difficult, dark and depressing. These Human Angel Assistants are trained in how to help maintain an energetic space between the human, their divine, the angelic realms, and nonphysical reality.

Tobias, December 6, 2008

The guardian angels are there to love and accept, no matter what. Granted, they are also learning, because they are preparing to come to Earth themselves, so through their compassion, through their constant love, they are also learning some of the most brilliant qualities that they want to embody when they come to Earth. So Chez has to be there for Rebecca when she absolutely hates herself for things that she does. Chez can't say, "Rebecca, don't do this." Chez has to be there in total love.

Tobias, December 6, 2008

Perhaps there's an important thing to be learned from Chez for each one of you – total compassion and love. You used to have guardian angels or spirit guides not so long ago, they loved you unconditionally. Imagine now using that as a Standard for yourself. Totally loving yourself. Not the kind of love or the conditional love that you tend to have where you can love yourself on the good days, loathe yourself on the bad days. No, we're talking about that same purity – same purity – that the guardian angels had for you.

Tobias, December 6, 2008

And then imagine, just imagine for a moment, having that same compassion in your everyday life for other humans. Total love. Total compassion. That means not trying to change them and not feeling sorry for them. One of the first things they do in training the guardian angels is teach them: Don't feel sorry for a human, ever. Ever.

Tobias, December 6, 2008

Why Are Things Difficult?

Tobias, December 6, 2008

•Perception

First of all, things are NOT that difficult. They're not. There is a perception or a consciousness that you almost insist on that says, "If everything isn't perfect in my old way of thinking, then everything's got to be wrong."

Tobias, December 6, 2008

- **Struggle**

There's a struggle right now between your old human self and your soul self; between the human condition and the divine essence - and you're right in between. Trust. Let them work it out.

Tobias, December 6, 2008

- **Other people's problems**

You take their problems as your own. You take their drama and you swim in it. You drink it in. You take their challenges and bring it right in and magnify it ten times as your own. But they're not. You love taking on other people's problems. You can't imagine not interfering in their life, not trying to change them, not trying to feel sorry for them.

Tobias, December 6, 2008

•Lack of Trust

You don't trust yourself, and that lack of trust keeps you from doing things, keeps you from trying things, keeps you very small in a prison of consciousness. True trust in self has no failure and no success. It is that it is, and that is all it needs. It doesn't need to be right or wrong. It doesn't need to have a measurable event to regain trust in self. Trust is just that – trusting in who you are.

Tobias, December 6, 2008

- **Games**

You're playing a game, that's it. You love this game, I hate to say. You love this disaster plan. You love when things aren't working out. You love to blame other people, and you really, really, really love to blame yourself. Dear Shaumbra, I want you take a really hard, loving and compassionate look at yourself. If there is something that is not working in your life, something that you are not happy with, it is because you are playing the game.

Tobias, December 6, 2008

Two important keys

Tobias, December 6, 2008

- **Be Original**

Stop relying on what you've done in the past or what other people have done to create the template for your life. Original means new, never been done before.

Original means coming from deep inside of you – your creativity, your uniqueness, your oneness with Self.

Tomorrow's road is today's, because humans copy. It's safer. I'm going to challenge you – you with good lives, you with sucky lives – I'm going to challenge you to be original. Do something original.

Tobias, December 6, 2008

•Be Authentic

Be authentic. It means true to you, true to your feelings. So many of the feelings of humans are whitewashed or buried. You're taught how to say things so it's diluted, so nobody gets offended or angry. You play it safe. But that's not authentic. Authenticity is being clear. Being authentic means speaking your divine, speaking your clarity, your truth. Stop trying to pick and choose the words.

Obama to take oath of office using Lincoln Bible

Posted: 07:09 AM ET

The Obama transition team announced Tuesday morning that the president-elect would be sworn in with the Lincoln Bible, used by 16th president when taking the oath of office in 1861 (Full statement released Tuesday follows):

"Washington, D.C. - On January 20th, President-elect Barack Obama will take the oath of office using the same Bible upon which President Lincoln was sworn in at his first inauguration. The Bible is currently part of the collections of the Library of Congress. Though there is no constitutional requirement for the use of a Bible during the swearing-in, Presidents have traditionally used Bibles for the ceremony, choosing a volume with personal or historical significance. President-elect Obama will be the first President sworn in using the Lincoln Bible since its initial use in 1861.

Obama will be the first president since Lincoln's first term to be sworn in using the Lincoln Bible.

'President-elect Obama is deeply honored that the Library of Congress has made the Lincoln Bible available for use during his swearing-in,' said Presidential Inaugural Committee Executive Director Emmett Beliveau. 'The President-elect is committed to holding an Inauguration that celebrates America's unity, and the use of this historic Bible will provide a powerful connection to our common past and common heritage.'
